REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Applicant submitted as "Exhibit A" a publication by Chang et al (J. Biotech. [2005] 116:359-367; entered here as U on form PTO-892), as "Exhibit B" a publication by Boog et al (Eur. J. Immunol. [1989] 19:537-542; 1 on form PTO-1449 filed 10/6/05) and as "Exhibit C" a publication by Marchal et al (Biol. Chem. [2001] 382:151-159; 2 on form PTO-1449 filed 10/6/05) that collectively disclose that there is indeed a physical difference between the glycosylation of Drosophila-produced glycoproteins, such as the MHC molecules instantly claimed, and the glycosylation of mammalian cell-produced glycoproteins, such as the MHC molecules of the prior art. Accordingly, in view of the evidence and Applicant's remarks filed October 6, 2005 no outstanding ground of rejection is maintained.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
